

# 2020 Donors

As we reflect on the past year, it is with sincere and heartfelt gratitude that we recognize the extraordinary and continued support we received from donors around the world that lift up our daily work in **Helping People. Saving Gorillas.** Because of **YOU**, the Fossey Fund was able to continue our commitment to conservation that began over 53 years ago, with perseverance and HOPE for a brighter tomorrow.

We are supported through the generosity of thousands of donors from around the world who help to make our work possible. While we are unable to gratefully acknowledge each and every one in this Annual Report, we want our donors to know that every gift – large and small – has a direct and meaningful impact on the survival of the wild gorillas we protect and study. We thank each of you for investing in gorillas through us. We hope to keep earning your trust and enthusiasm!

## **Digit Society**

The Digit Society of the Dian Fossey Gorilla Fund is a distinguished group of donors whose substantial ongoing commitment to the Fossey Fund embodies the spirit of Dian Fossey's favorite gorilla, her beloved Digit. Digit Society members ensure the survival of gorillas through annual gifts of \$10,000 and more.

## **Dian Fossey Leadership Circle**

The Dian Fossey Leadership Circle is a community of donors whose generous annual support enables high-impact results for gorillas, their habitat, and the communities near them in Rwanda and the DRC. Donors who give from \$1,000 to \$9,999 annually are welcomed into this circle.

## Capital Campaign

We look forward to the completion of our Ellen DeGeneres Campus in 2021 and extend our deepest gratitude to those who have invested in helping us build our permanent home. Our capital campaign donors have generously donated to ensure the future of wildlife and biodiversity conservation in Rwanda and beyond, ensuring that the next generation of conservationists and scientists will have the resources and support to continue our work in support of endangered mountain gorillas and their habitat.
